

Eye and Face Protection

***DSI SAFETY INC. KNOW AS DYNAMIC SAFETY INTERNATIONAL
IS A CANADIAN OWNED AND OPERATED COMPANY.***

CANADIAN

DSI Safety Inc. known as Dynamic Safety International is a Canadian owned and operated company.

We are trying to manufacture as much of our product offering here in Canada, in order to create jobs.

In eye and face protection, we will also manufacture in Canada a substantial amount of our offering as compared to most of our competitors. In the future this portion will grow substantially creating more "Made in Canada" products and create more jobs.

PRODUCT OFFERING

We have a very complete product line just like our head protection offering. We offer a wide variety of solutions with various styles of products to meet almost every situation or application.

The Dynamic Eye & Face Protection line consists of:

High end stylish and comfortable spectacles with 4A coating as well as high quality low priced spectacles creating an eyewear offering to meet everyone's needs.

A full line of safety goggles for all applications. A full line of accessories, along with lens cleaning stations and lens cleaning products.

Canadian made faceshield head gears, brackets and our exclusive "Cap Lock" system along with a full line of flat and formed face shields in all sizes and materials and a complete line of Canadian made welders helmets and accessories.

CSA

Dynamic products are CSA certified by CSA Canada when there is a certification available. Products with the CSA logo

offer added quality control and the support of CSA Canada.

OUR GOAL

No compromise on quality! We will sell only first quality products. We will offer the best service levels in the industry. We will be competitively priced. We will offer only CSA certified products by CSA Canada to our customers whenever possible. We will do our best to answer all of the needs of Canadian workers in regards to eye and face protection. We will do our best to manufacture more and more of our product offering in Canada in order to create more Canadian jobs.

Always remember: at Dynamic our mission is to concentrate on Comfort, Fit, Reliability and Safety so you can focus 100% on your work.

4A and 3A Lens Coatings

There are many different lens coatings to choose from in the marketplace. We hope this section will give you a good overview of the coatings available and what they can offer you. Some are better for certain kinds of applications; we recommend you take into account your overall vision requirements when selecting a lens coating.

Most of Dynamic's protective eyewear is treated with either a 3A multicoating, Anti-Scratch, Anti-UV and Anti-Static or 4A multicoating, Anti-Scratch, Anti-UV, Anti-Static and Anti-Fog. Such coatings will provide most workers with proper coating for their protective eyewear.

DYNAMIC 4A COATING

A permanently bonded coating that offers excellent anti-fog, antiscratch, anti-static and anti-UV properties.

4A REVÊTEMENT
COATING

Anti-Fog: Resists fogging and improves vision in humid environments

Anti-Scratch: Extends lens life in abrasive environments

Anti-UV: Absorbs more than 99.9% of harmful ultraviolet radiation

Anti-Static: Reduces dust and particulate attraction

DYNAMIC 3A COATING

A permanently bonded hardcoat that reduces surface lens scratching. The Dynamic 3A coating will extend the life of the lens.

3A REVÊTEMENT
COATING

Anti-Scratch: Extends lens life in abrasive environments

Anti-UV: Absorbs more than 99.9% of harmful ultraviolet radiation

Anti-Static: Reduces dust and particulate attraction

The “Commander” EPX10 Series

BRUSHED ALUMINUM FRAME

Z94.3-7 CERTIFIED BY CSA CANADA

4A REVÊTEMENT
COATING

Great looking eyewear, highly comfortable, incomparable fit, unique design. Made to please the most demanding user. Soft adjustable nose piece system and brushed aluminum frame. Comes with a beautiful hard case. CSA Z94.3-7 certified by CSA Canada and meets ANSI Z87.1 requirements.

EPX10BR

EPX10SL

FEATURES & BENEFITS

EPB101C

EPB102

EPB103

EPB201

EPHC01

EPHC02

FEATURES & BENEFITS

- Accepts a wide range of faceshield styles
- Attachment system designed to accommodate many competitor's faceshields
- Swivel system to raise or lower faceshield
- EPB101C include (1) EPHC01 "Cap Lock" kit complete with blades for slotted cap

PART NO DESCRIPTION

EPB101 Plastic bracket, totally dielectric and blades for slotted hard hats

EPB101C Plastic bracket, totally dielectric, with cap-lock adaptor kit EPHC01

EPB102 High Performance Face Shield Bracket Plastic, Totally Dielectric To be used with Full Brim Hats only Model HP641 and HP642

EPB103 High Performance Face Shield Bracket to be used with THE ROCKY climbing hat Model HP141R and HP142R

EPB201 Aluminium bracket, heat resistant, with Cam lock system.

Cap-Lock Adapter Kit

TO USE WITH HEADGEAR, BRACKETS
& WELDING HELMET

FEATURES & BENEFITS

- To attach welding helmets, headgears or brackets to a hard hat
- Fits easily on to most hard hats with slots
- Quick & Easy snap on and off feature
- Will accommodate narrow welding helmet if used with the extension

PART NO DESCRIPTION

EPHC01 Cap lock adaptor kit with extension pieces

EPHC02 Cap lock blades only

DIE CUT WINDOWS - FLAT

FEATURES & BENEFITS

- All the visors, faceshields and windows offer the multi-fit attachment pattern (or universal fit). This pattern consists of 5 slots strategically located to fit a wide variety of headgear and brackets
- 2 types of materials are available: PETG and Polycarbonate.
- 2 thicknesses of material are available .040 in / 1.0mm and .060 in / 1.5 mm.
- Clear and green colors of materials are available on certain products

PART NO	SIZE	MATERIAL	COLOR	THICKNESS
EP615/40	6 x 15 ½	PETG	Clear	0.40 in / 1.0 mm
EP815/40	8 X 15 ½	PETG	Clear	0.040 in / 1.0 mm
EP815/60	8 X 15 ½	PETG	Clear	0.060 in / 1.5 mm
EP815P/40	8 X 15 ½	Polycarbonate	Clear	0.040 in / 1.0 mm
EP815PG/40	8 X 15 ½	Polycarbonate	Green	0.040 in / 1.0 mm

ARC FLASH WINDOWS

Protect yourself against hazards from glares of light produced by electric arcs by using Dynamic protection system. Electric arcs are produced by an electric shock that result in an electromagnetic explosion of energy from fragments of fused metal being able to cause serious wounds. "Arc Flash" faceshield from Dynamic are conceived in order to provide to the user best possible vision and protection at work.

FEATURES & BENEFITS

- 9.9 Cal/Cm2 et 12 Cal/Cm2
- Special formulation
- Complete panoramic vision
- Molded faceshield that offers a clear vision without any distortion.
- Perfect definition of colors.
- Made of Polycarbonate highly resistant to the impacts and chemical splashes
- Curved faceshield to cover the entire face and chin ensuring you of a total protection.
- Meets CSA Z94.3-7 standards and ANSI Z87.1 requirements
- Meets ASTM F-2178-6 and NFPA 70E standards
